

Gloves Past and Present
Willard M. Smith

From the preface: "For thirty years I have devoted myself to the practical problems of the glove industry, and my connection with one of the substantial firms of master-merchant-glovers in the world has taught me how little gloves are known or appreciated by the millions of persons who buy them and wear them. The pursuit of glove lore--the historic romance of the glove--has long since been with me a selfish recreation. Now I desire to share it, as well as the practical knowledge, with all men and women who have missed seizing upon the real relation which gloves bear to life."

Read by LibriVox volunteers. 11 Tracks. Total running time: 03:40:34
